# Genesis of the University

Dr. Rajendra K Joshi and Mrs. Ursula Joshi analyzed the reasons for the Swiss economy being one of the best in the world. They found that the main reason for this was the perfected skill development scenario in the country. They decided to get the Swiss Dual system of skills development into India and customized it to suit Indian regulatory requirements. To achieve the above goal they set up a state-of-the-art institute in Jaipur to showcase the benefits of the dual system of education. This thought of having their own skill training institute led them to initiate a project called Bharatiya Skill Development Campus (BSDC) followed with Bharatiya Skill Development University (BSDU).
